## Our slogan:

"If you sell happiness, there will be always somebody to buy it"

" A short time ago, to be in possession of a love doll was a disgraceful secret. Now, with the help of cinema (to see the famous French film "I have married a love doll") and literature (for example, to read Michel Houellebecq), the things have changed. And a celebrated French actor don't hesitate to drive up the "Champs Elysées" accompanied by a love doll into his convertible...."
